Backpack vacuum cleaner.

Available with power cord or wireless with a 36 V lithium ion technology.

Ideal for cleaning staircases, public transport vehicles or large halls fitted with seating, e.g. cinemas and theatres. The low weight in combination with a high level of carrying comfort makes long working intervals possible. The fully padded and ergonomic carrying system with standard chest strap may be individually adapted to each user. The well-designed carrying system ensures a pleasant clearance between your back and the backpack vacuum cleaner. The air can circulate, and heat build-up is avoided.

 **36 V:** Two series-connected 18 V batteries guarantee up to 55 minutes of running time. The fast charger ensures a battery charging time of just under an hour.

 **High efficiency and extra long motor life due to brushless EC motor.**

Premium-quality and comfortable carrying system for both models.

Perfect for narrow entrances, staircases and rooms.
